BRITISH
Journal of
Oral and
Maxillofacial
Surgery

Subject index (Volume 41, 2003)

A

Accessory nerve, *see* Spinal accessory nerve
Adenocarcinoma, oral metastasis of, 3
Aesthetic facial surgery, training in, 203, 204, 206
Airway management
  fixation of armoured tubes for tracheostomy, 270
  laryngeal mask, use in minor oral surgery, 343
  in neonates with Pierre Robin syndrome, 272
  tongue fixation after total mandibulectomy, 392
  in treatment of midfacial fractures, 259
Allen test, 157
Alveolar distraction, in posterior mandible before dental implant insertion, 376
Alveolar grafting, mandibular lower border as donor site, 132
Alveolar nerve, inferior
  anatomic variations of, 236
  articaine block, prolonged paraesthesia, 201, 202
  block of, incidence of blood vessel penetration, 188
  cryoblockade of, postsurgical emphysema and Collet–Sicard syndrome, 190
  modified retractor for sectioning of, 124
  thermosensory testing of, 36
Alveolar ridge augmentation
  alveolar distraction in posterior mandible, 376
  bone grafting of severely atrophic maxilla, 249
  osteoplastic flap to broaden narrow mandibular ridge, 383
  template to aid harvesting and placement of grafts, 266
Ameloblastoma, pulmonary metastasis of, 194
Antibiotics, interaction with oral contraceptives, 135
Anxiety, as consequence of maxillofacial trauma, 317
Arterial pressure measurement, radial forearm free flap donor site, 157
Arteriovenous malformations
  of the head and neck, 75
  of the mandible, 348
  of temporalis muscle, 277
Arthrocentesis, of temporomandibular joint, 29, 323, 351
Articaine, inferior alveolar nerve block, prolonged paraesthesia, 201, 202
Audiotaping of consultations, 359

B

BAOMS meeting 2003, abstracts of papers and posters, 283
BAOMS Surgery Prize (2002), Stephen W. Worrall, 218
Basal cell carcinoma, predictive variables for biological behaviour, 147
Bioresorbable fixation system, in sagittal split mandibular advancement, 179
Blood vessel penetration, incidence in inferior alveolar nerve blocks, 188
BMP, *see* Bone morphogenic protein
Bone cavities, idiopathic, 407
Bone grafts, *see* Grafts
Bone induction
  by statin collagen grafts, 244
  in subcutaneous tissue, by polyethylene oxide hydrogel/bone marrow mesenchymal cell mixture, 240
Bone morphogenic protein (BMP)
  induction by statins, 244
  and mandibular fracture healing, 173
Bone plates, monocortical miniplates, provision of compression by, 232
Botulinum toxin, as adjunct to TMJ arthrocentesis, 351
Breast adenocarcinoma, oral metastasis of, 3

C

Cancer, *see also* Metastases; *specific histological types*
  cutaneous
    predictive variables for biological behaviour, 147
    "round block" purse-string suture in facial reconstruction, 151
  of hard palate, 360
  of maxilla, 329
  occult, detection by oral metastases, 3
  oral/oropharyngeal
    condition of surgical margins and local recurrence, 224
    marker for sebaceous carcinoma, 84
    percutaneous endoscopic gastrostomy tubes, 133
    predictors of local recurrence and disease-specific survival, 224
of tongue
  malignant melanoma, 197
  treatment of during pregnancy, 109
Cancrum oris in Nigeria, 222
Canine teeth, impacted, use of removable healing plates, 264
Carcinoembryonic antigen, as marker for sebaceous carcinoma, 84
Carcinoma ex pleomorphic adenoma, of hard palate, 360
Cavernous sinus thrombosis, 21
Cervical plexus
  innervation of trapezius muscle, 7
  integrity of, and stability of sternoclavicular joint, 12
Children, *see also* Neonates and infants
  African, noma and cancrum oris, 222
  coronal flap closure methods in, 309
  ultrasound estimation of tracheostomy tube size, 312
Chondromyxoid fibroma
  of frontal sinus, 418
  of mandible, 261
Chondrosarcoma, of maxilla, 329
Choristoma, 117
Cleft lip, serum levels of 8-hydroxy-2'-deoxyguanosine in mothers, 205
Cleft palate, distraction osteogenesis for treatment of secondary deformities, 185

Clinical guidelines, for extraction of third molars, 371
Clinical trials, randomised, selection bias in, 129
Collet–Sicard syndrome, in association with surgical emphysema, 190
Composite free flaps, compromised, salvage rate for, 16
Computed tomography
  in placement of dental implants, 102
  radiation dosage associated with, 416
Computer-aided navigation, in placement of dental implants, 102
Computer-assisted diagnosis, for production of titanium orbital floor prostheses, 50, 209 *erratum*
Coronal flap closure methods in children, 309
Coronoidectomy in double mandibular osteotomy, 142
Cost–utility analysis of orthognathic treatment, 32
COX-2 inhibitors, in treatment of TMJ dysfunction, 323
Cryosurgical treatment of trigeminal neuralgia, development of postsurgical emphysema and Collet–Sicard syndrome, 190
Cutaneous cancer
  predictive variables for biological behaviour, 147
  "round block" purse-string suture in facial reconstruction, 151
Cytokines, in internal derangement of TMJ, 95

D

Dental graduates entering medicine, 204
Dental implants
  alveolar distraction before insertion, posterior mandible, 376
  computer-aided navigation for placement, 102
  in severely atrophic maxilla, 249
Dental nerve, *see* Alveolar nerve, inferior
Dentigerous cyst
  and ectopic third molar, endoscopic removal, 340
  enucleation in a patient taking warfarin, 275
Dentition, *see* Tooth
Dentoalveolar fracture, immobilisation procedure using fibre splint, 417
Dentofacial disharmony, cost–utility analysis of orthognathic treatment, 32
Depression, as consequence of maxillofacial trauma, 317
Dermal fat autologous graft after superficial parotidectomy, 201
Dermoid cyst with cartilage, of the tongue, 117
Distraction osteogenesis
  alveolar distraction in posterior mandible, 376
  in maxillary hypoplasia, for orthodontic tooth alignment, 185
  ultrasound monitoring of, 256
Donor site
  assessment of vascular integrity, radial forearm free flap, 157
  morbidity, comparison of lateral upper arm and radial forearm, 161
  splinting, radial forearm free flap, 193
Doppler ultrasound recordings, assessment of vascular integrity of palmar arch, 157
Down Surgical Prize (2002), John Christopher Lowry, 220
Drains, corrugated, use of stoma bags for collection of fluid, 206

E

Embolism, therapeutic, arteriovenous malformations of head and neck, 75
Emergencies, maxillofacial, effect of full moon, 170
Endochondral bone grafts, compared to intramembranous grafts, 385
Endoscopic approach to removal of ectopic mandibular third molar, 340
Endoscopic gastrotomy tubes, percutaneous, placement by maxillofacial surgical teams, 133
Endotracheal intubation
  oral, in management of midfacial fractures, 259
  via tracheostomy, fixation of armoured tubes, 270
Epidural spinal abscess, as sequela to dental extraction, 56, 421
Etodolac, in treatment of TMJ dysfunction, 323
Eyebrow reconstruction, 355

F

Face, *see also* Midface
  basal cell carcinoma of, 147
  fractures caused by blow from mobile phone, 415
  psychological consequences of trauma, 317
  reconstruction with "round block" purse-string suture, 151
  trauma to, as cause of orbital cellulitis, 21
Facial pain, due to posterior scleritis, 62
Fibrin glue, autologous, for haemostasis in patient taking warfarin, 275
Fixation devices
  alternatives to intermaxillary fixation screws, 132, 363
  bioresorbable fixation systems, 179
  intermaxillary fixation screws, 48, 363
  monocortical miniplates, provision of compression by, 232
Flaps
  free, *see* Free tissue transfer/flaps
  osteoplastic, in mandible, 383
  pedicled, leeches in salvage of, 54
  sternocleidomastoid after superficial parotidectomy, 201, 281
Fractures
  dentoalveolar, immobilisation procedure using fibre splint, 417
  facial caused by blow from mobile phone, 415
  mandibular
    effects of PDGF-B and BMP-2 on healing, 173
    monocortical miniplates for fixation, 232
    mandibular condyle, subsequent to ramus osteotomy, 67
    maxillofacial fractures in Nigeria, 396
    midfacial fractures, airway management in, 259
    orbital, as cause of orbital cellulitis, 21
    orbital floor blow-out fracture, 50, 209 *erratum*, 415
Free tissue transfer/flaps, *see also* Donor site
  compromised, salvage rate for, 16
  lateral upper arm, compared to radial forearm, 161
  leeches in salvage of, 54
  for oromandibular injury with infection and scar contracture, 380
  radial forearm, *see* Radial forearm free flaps
  squamous cell carcinoma of the tongue, treatment during pregnancy, 109

survival after vascular disconnection, 281
Freud, Sigmund, oral cancer of, 78
Frontal sinus, chondromyxoid fibroma of, 418

G

Gastrotomy tubes, percutaneous endoscopic, placement by maxillofacial surgical teams, 133
Gingival metastasis, of malignant mesenchymal tumor, 59
Grafts, *see also* Flaps; Free tissue transfer/flaps
bone induction matrices, 240, 244
iliac, in jaw augmentation, 266
intramembranous compared to endochondral bone, 385
mandibular lower border as donor site for alveolar grafting, 132
of severely atrophic maxilla, 249
Great auricular causalgia, 334

H

Haemangioma, of mandibular body, 112, 363
Haemostasis, in removal of dentigerous cyst in patient taking warfarin, 275
Haemostatic poultice as aid to microvascular anastomosis, 353
Hair follicle transplant, 355
Hard palate tumors, 360
Hydrogel, polyethylene oxide, in bone induction, 240
8-Hydroxy-2'-deoxyguanosine, serum levels in mothers of children with cleft lip, 205
Hyperbaric oxygen, for treatment of critical ischaemia of the maxilla, 346

I

Iliac bone grafts, template for accurate harvesting of, 266
Implants, *see* Dental implants
Infants, *see* Neonates and infants
Injury, *see* Trauma
Interleukin 6, in internal derangement of TMJ, 95
Intermaxillary fixation screws
alternative to, Rapid IMF system, 132, 363
self-drilling, reduced complications with, 48, 363
Intramembranous bone grafts, compared to endochondral grafts, 385
Ischaemia, treatment with hyperbaric oxygen, 346
Ivermectin, treatment of myiasis, 421

J

Joint mice, temporomandibular joint, 199

L

Laryngeal mask, use in minor oral surgery, 343
Lateral upper arm free flaps, comparison to radial forearm free flap, 161
Leeches (*Hirudo medicinalis*), prevalence of use in UK, 54
Leiomyosarcoma, metastasis to gingiva, 59
Lingual nerve, thermosensory testing of, 36
Lowry, John Christopher, citation for Down Surgical Prize (2002), 220
Lung, metastatic ameloblastoma of, 194
Lung cancer, oral metastasis of, 3
Lymph node metastases, as predictor of local recurrence and survival, 224

M

MacLennan, William Donald, obituary, 1
Maggots, use to clean necrotic tissue in wounds, 422
Magnetic resonance angiography, of arteriovenous malformations, 75
Magnetic resonance imaging, of TMJ, 88
Malignant melanoma, of tongue, 197
Malignant mesenchymal tumor, metastasis to gingiva, 59
Mandible
alveolar distraction before insertion of dental implants, 376
ameloblastoma, pulmonary metastases, 194
arteriovenous malformation, 348
chondromyxoid fibroma, of body, 261
descriptive terminology of, 125
as donor site for alveolar grafting, 132
double osteotomy with coronoidectomy, for tumours of the parapharyngeal space, 142
fractures, *see* Fractures
haemangioma, of body, 112, 363
idiopathic bone cavities, 407
metastasis to, 3
osteoplastic flap to broaden a narrow alveolar ridge, 383
sagittal split mandibular advancement, bioresorbable fixation system for, 179
vascularised free flap for injury with infection and scar contracture, 380
Mandibular nerve, anatomic variations of, 236
Mandibulectomy, total, tongue fixation after, 392
Matrix metalloproteinase-3, reduction with treatment of TMJ dysfunction, 323
Maxilla
atrophic, grafting and implant placement, 249
chondrosarcoma, 329
hypoplastic, use of distraction osteogenesis in orthodontic tooth alignment, 185
osteosarcoma, 329
treatment of critical ischaemia with hyperbaric oxygen, 346
Maxillary artery entrapment, 236
Maxillary sinus
bilateral pneumosinus dilatans, 122
sinus floor augmentation, 120
Maxillectomy, immediate reconstruction vs. prosthetic obduration, 68, 364
Maxillofacial fractures, in Kaduna, Nigeria, 396
Maxillofacial trauma, psychological consequences of, 317
Maxillomandibular fixation, using self-drilling intermaxillary fixation screws, 48, 132, 363
Medial supraclavicular nerves, integrity of, and stability of sternoclavicular joint, 12
Mesenchymal cells, in bone induction, 240
Metastases
gingival, of malignant mesenchymal tumour, 59
lymph node, as predictor of local recurrence and survival, 224
oral, patient distribution, site and type, and primary tumor site, 3
parotid gland, of prostatic carcinoma, 64

pulmonary, of mandibular ameloblastoma, 194
Microvascular anastomosis, haemostatic poultice for, 353
Midface, fracture management, oral endotracheal intubation, 259
Miniplate osteosynthesis, 232
Mobile phone, facial fractures caused by, 415
Monocortical miniplates, provision of compression by, 232
Moon, effect of phase on maxillofacial emergencies, 170
Morphine infusion of temporomandibular joint, 29
Morphometric analysis, basal cell carcinoma, 147
Myiasis, oral, 115, 421, 422

N

Nasal balloon, haemostatic, in sinus floor augmentation procedure, 120
Nasopharyngeal tube, modified, for airway management in Pierre Robin syndrome, 272
Neck dissection
  shoulder complaints after, 7
  and stability of sternoclavicular joint, 12
Neonates and infants
  airway management in Pierre Robin syndrome, 272
  lingual traumatic ulceration in, 201
Neoplasms, *see* Cancer; Tumours
New World screwworm (*Cochliomyia hominivorax*), 115
Nigeria
  maxillofacial fractures, 396
  noma and cancrum oris, 222
  Sokoto Noma Project, 222
Noma in Nigeria, 222
Notoplatysma, aberrant muscle in parotid region, 336

O

Oji spatula for tongue fixation, 392
Oral contraceptives, interaction with antibiotics, 135
Oral metastases
  malignant mesenchymal tumour, 59
  patient distribution, site and type, and primary tumor site, 3
Oral surgery, patient-centred outcome measures and, 43
Orbital abscess, 21
Orbital cellulitis, post-traumatic, 21
Orbital floor blow-out fracture
  caused by blow with mobile phone, 415
  titanium custom-made prosthesis for, 50, 209 *erratum*
Orthodontic tooth alignment
  impacted canine teeth, 264
  use of distraction osteogenesis in maxillary hypoplasia, 185
Orthognathic treatment
  cost–utility analysis of, 32
  orthodontic preparation for, patient education, 401
Osteosarcoma, of maxilla, 329
Outcome measures, in oral surgery, 43

P

Parapharyngeal tumours, approach by double mandibular osteotomy, 142
Parotid gland
  prostatic carcinoma metastasis to, 64
  tumours, approach by double mandibular osteotomy, 142
Parotid region, aberrant muscle in, 336
Parotidectomy, superficial
  dermal fat graft vs. sternocleidomastoid flap, 201
  extracapsular dissection vs. sternocleidomastoid flap, 281
  in treatment of chronic sialadenitis, 202
Patient-centred outcome measures, in oral surgery, 43
Patient education, on orthodontic preparation for orthognathic surgery, 401
PDGF-B, *see* Platelet-derived growth factor-B
Percutaneous endoscopic gastrotomy tubes, placement by maxillofacial surgical teams, 133
Perineural invasion by cancer, as predictor of local recurrence and survival, 224
Pichler, Hans, 78
Pierre Robin syndrome, airway management in, 272
Platelet-derived growth factor-B (PDGF-B), and mandibular fracture healing, 173
Plates
  healing, removable, in exposure of impacted canines, 264
  monocortical miniplates, provision of compression by, 232
Pleomorphic adenoma, of hard palate, 360
Pneumosinus dilatans of the maxillary sinuses, 122
Poly-L-lactide (SR-PLLA) screws, 179
Polyethylene oxide hydrogel in bone induction, 240
Polyglactin suture, for coronal flap closure in children, 309
Post-traumatic stress disorder, as consequence of maxillofacial trauma, 317
Posterior scleritis, facial pain due to, 62
Poswillo, David, obituary, 215
Pregnancy, treatment of squamous cell carcinoma of the tongue during, 109
Preseptal cellulitis, 21
Prostatic carcinoma
  oral metastasis of, 3
  parotid gland metastasis of, 64
Prostheses, *see also* Dental implants
  titanium orbital floor, custom-made, 50, 209 *erratum*
Psychological consequences of maxillofacial trauma, 317
Pulse oximetry, in management of Pierre Robin syndrome, 272
Purse-string suture, "round block", in facial reconstruction, 151

Q

Qualitative sensory thermal threshold testing, 36
Quality of life
  after intraoral soft tissue reconstruction, 161
  and costutility analysis, 32
  patient-centred outcome measures, 43

R

Radial forearm free flaps
  comparison to lateral upper arm free flap, 161
  compromised, salvage rate for, 16
  donor site
    assessment of vascular integrity of palmar arch, 157
    splinting of, 193
Radiation dosage associated with stereolithographic model construction, 416
Randomised clinical trials, selection bias in, 129

Ranula, plunging, treatment with fenestration and continuous pressure, 410
Rapid IMF system for intermaxillary fixation, 132, 363
Renal cell carcinoma, oral metastasis of, 3
Retractor, modified for inferior alveolar nerve sectioning, 124
Rhinoplasty course in India, 206
Riga-Fede disease, 201
Robodent system for image-guided implant dentistry, 102

S

Sagittal split mandibular advancement, bioresorbable fixation system for, 179
Salivary gland calculi, rapid growth of, 414
Salivary glands, *see* Parotid gland; Submandibular gland
Salvage procedures for flaps
  for free tissue flaps, 16, 54
  for pedicled flaps, 54
  timing of intervention and outcome, 16
  use of medicinal leeches, 54
Screws
  bioresorbable, 179
  intermaxillary, *see* Intermaxillary fixation screws
Screwworm, oral myiasis, 115, 421, 422
Sebaceous carcinoma, intraoral, 84
Shoulder pain and dysfunction, after neck resection, 7
Sialadenitis, chronic, superficial parotidectomy as treatment, 202
Simvastatin, in statin collagen bone grafts, 244
Sinus lift augmentation, 120
Skin tumours
  basal cell carcinoma, predictive variables for biological behaviour, 147
  "round block" purse-string suture in facial reconstruction, 151
Society of Civil War Surgeons, 280
Sokoto Noma Project, 222
Speech function after intraoral soft tissue reconstruction, 161
Spinal abscess, epidural, as sequela to dental extraction, 56, 421
Spinal accessory nerve
  dysfunction as cause of shoulder complaints, 7
  integrity of, and stability of sternoclavicular joint, 12
Splinting of radial forearm free flap donor site, 193
Squamous cell carcinoma of tongue, treatment by free tissue transfer during pregnancy, 109
Statin collagen grafts, bone induction by, 244
Stereolithographic models
  for production of titanium orbital floor prostheses, 50, 209 *erratum*
  radiation dosage associated with procedure, 416
Sternoclavicular joint, stability after neck dissection, enlargement of, 12
Sternocleidomastoid flap after superficial parotidectomy, 201, 281
Sternomastoid muscle, surgical section of, and stability of sternoclavicular joint, 12
Stoma bags for collection of fluid from corrugated drains, 206
Submandibular gland, great auricular causalgia as complication of excision, 334
Subperiosteal abscess, 21
Surgical clips, for coronal flap closure in children, 309
Surgical emphysema, after cryoblockade for trigeminal neuralgia, 190
Swallowing function after intraoral soft tissue reconstruction, 161
Synovial chondromatosis, temporomandibular joint, 199

T

Teeth, *see* Tooth
Temporalis muscle, arteriovenous malformation of, 277
Temporomandibular joint
  arthrocentesis of
    botulinum toxin as adjunct to, 351
    and COX-2 inhibitor treatment, 323
    morphine infusion, 29
  internal derangement
    expression of interleukin 6, 95
    expression of vascular endothelial growth factor, 88
    MRI imaging of, 88
  randomised clinical trial of disorder, selection bias in, 129
  synovial chondromatosis, 199
Teratoid cyst, 117
Teratoma, 117
Tetanus, cephalic, 338
Therapeutic embolism, arteriovenous malformations of head and neck, 75
Thermosensory testing of trigeminal nerve function, 36
Thexton, Ronald, obituary, 141
Third molars
  clinical guidelines for extraction, 371
  ectopic, removal by endoscopic approach, 340
  extraction, trigeminal nerve injury and, 36
Tissue engineering, bone induction techniques, 240
Titanium orbital floor prostheses, custom-made, 50, 209 *erratum*
Tongue
  dermoid cyst with cartilage, 117
  malignant melanoma of, 197
  squamous cell carcinoma, free tissue transfer during pregnancy, 109
  traumatic ulceration in neonates and infants, 201
Tongue fixation after total mandibulectomy, 392
Tooth, *see also* Third molars
  alignment by distraction osteogenesis in maxillary hypoplasia, 185
  canine, impacted, use of removable healing plates, 264
  descriptive terminology of, 125
  extraction of
    epidural spinal abscess as sequela to, 56, 421
    management of patients taking warfarin, 132, 280
    third molar, clinical guidelines for, 371
    of third molar, trigeminal nerve injury and, 36
Torticollis, postoperative complications, sternoclavicular joint enlargement, 12
Tracheostomy
  method for fixation of armoured tubes, 270
  ultrasound estimation of tube size in children, 312
Training in oral and maxillofacial surgery
  aesthetic facial surgery, 203, 204, 206
  demonstrator positions in, 134
  dental graduates, 204
  dissection opportunity, 364
  programmes, 203, 204
Trapezius muscle, examination to detect accessory nerve dysfunction, 7

Trauma, *see also* Fractures
facial, as cause of orbital cellulitis, 21
maxillofacial, psychological consequences of, 317
mobile phone, facial fractures caused by, 415
oromandibular, with infection and scar contracture, 380
Trigeminal nerve, thermosensory testing of, 36
Trigeminal neuralgia
cryoblockade treatment, development of postsurgical emphysema and Collet–Sicard syndrome, 190
modified retractor for sectioning inferior alveolar nerve, 124
treatment failure and anatomic variations of inferior alveolar nerve, 236
Tumours, *see also specific histological types*
of frontal sinus, 418
of hard palate, 360
malignant, *see* Cancer
of mandibular body, 112, 261, 363
parapharyngeal, approach by double mandibular osteotomy, 142

U

Ultrasound
estimation of tracheostomy tube size in children, 312
monitoring of distraction osteogenesis, 256

V

Vascular endothelial growth factor, expression in internal derangement of TMJ, 88
Vascular permeability factor, *see* Vascular endothelial growth factor
Vertical subsigmoid osteotomy, pathologic mandibular condylar fractures and, 67

W

Warfarin-treated patients
dental extraction in, 132, 280
haemostasis in, with autologous fibrin glue, 275
Worrall, Stephen W., Citation for the BAOMS Surgery Prize (2002), 218
